## ***REGULATION COMPLIANCE STATEMENT***

To Whom it Concerns;

This statement confirms that Tompkins Metal Finishing is aware of the requirements of REACH REGULATION (EC) 1907/2006 and REACH SVHC list 2022 and compliant with REACH ANNEX XVII, RoHS Directive 2011/65/EU as amended by (EU) 2015/863, and the Dodd-Frank Conflict Mineral directive. The following plating and finishing processes offered by Tompkins meets the directives of REACH, RoHS, as well as the Dodd-Frank Conflict Minerals directives. TMF sends out a questionnaire to all suppliers of chemicals and obtains their compliance statement prior to utilizing them as a supplier and adding to our approved supplier listing.

Zinc Plating, Black Chromate

Zinc Plating, Clear Chromate

Electroless Nickel

Clear Anodize

Black Anodize

Chromate clear (blue RoHS)

All cleaning processes including de-oil and pickle, and etching processes.
